SUBJECT

Budget estimates of the B'lore City Mun'ty for the year 1944-45

No. 1 Commr B'lore
" Comptroller
L 5023-4 dated 24 11 44

Records

2/1/45

Letter No. 140/CLAD-D-28 10 44 from the Comptroller forwarding for sanction the Budget estimates of the Bangalore Civ. M'ly for the year 1944-45 received from the ml comm. Brig.

Statements flagged "S+T" show the income + expenditure of the m'ly for the year 1944-45 as proposed by the ml cl + as modified by the Audit office.

A sum of Rs 7,187,060 under various heads of account has been included on the expenditure side by the ml cl. Sanction of Govt have not yet been obtained for these items vide statement flagged "U".

The Govt of ml cl Bangalore has also forwarded the above list and requests that the provision under those heads may be retained + that sanction of Govt will be obtained separately on each individual item.

The statement flagged "V" shows the abstract estimate of revenue + expenditure as proposed

by the ML & L as modified by the audit objection after rehearing the expenditure of Rs 7, 37, 460 as per list of non-sanctioned items of expenditure.

A draft Go will be put up after orders are passed about the retention or removal of several items of expenditure amounting to Rs 7, 37, 460 as per list "P" or "Q" subject for orders

VLB 7/11

The Budget Estimate of the Minor city MLA for the year 1969-70 stand as follows:— ✓

		As anticipated by the ML & L	As modified by the Audit objection	Increase
Receipts-	Total Revenue Head	Rs 24,83,492	Rs 24,76,592	-6900
	Public Debt Head	7,33,800	7,58,800	25,000
	Total receipts	32,17,292	32,35,392	18,100
	Opening balance	9,51,721	10,26,643	
	Grand Total	41,69,013	42,62,035	93,021
Expenditure	Total Revenue Head	35,76,693	35,50,025	38,668
	Public Debt	5,38,800	5,73,800	15,000
	Total Expdr	41,25,493	41,01,825	-23,668
	closing balance	43,520	1,60,210	1,16,690

Normal Receipts 20,97,042

Normal Expenditure 19,39,025

Special Receipts 1138835

Special Expenditure 462800

It will be seen from the above figures that though the Normal expenditure is within the normal income the Service Head expenditure is more than the Service Head Receipts and the Comptroller has on the whole restricted the receipts by Rs 6900/- for which he has given detailed reasons. Limited under expenditure, however reduces the provision made by Rs 38,668 this reasons may be accepted

The closing balance which may be of Rs 20000, as per Standing orders stands at Rs 1,14,690, after applying the modifications proposed by the Comptroller and it is a closing balance of Rs 10 26 643 which money was not spent last year on public works due to various

WD 0726—GPB—25 000—10 9 44

Causes that amount is now available

C F 69]

Continuation Sheet | File No / Current No | of | Page

for expenditure.

A provision of Rs 7,37,460/- has been made under several heads in the Budget. The Comptroller has allowed these provisions, although they are new items. The President has requested that these items should not be deleted on the mere ground that previous sanction of Govt has not been obtained for incurring the expenditure. The list of items in respect of which provision has been made is flagged. They may all be retained, subject to sanction of Govt being obtained before the expe is actually incurred. E

Judged by the above figures, the present financial condition of the M.C. is satisfactory. There is money available for expe. It is rather doubtful if the M.C. would be able to spend all the money under the several heads as sanctioned. All along the M.C. is in the habit of making allegations against the Govt that certain items of expe would either be deleted or reduced without their permission. This year all the provisions made by them may be allowed as there is money available but it may be watched how far they would be able to carry out

OFFICE OF THE COMPTROLLER TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE

No 140/CLAD

Bangalore, dated 28th October *194* 4

From

M SHAMANNA Esq , M A ,
Comptroller to the Government of
His Highness the Maharaja of Mysore
BANGALORE

To

The Secretary to Government,
Law Department, Bangalore

Sir,

I have the honour to forward herewith, for orders of Government the draft Budget Estimates of the Bangalore City Municipality for 1944-45 received with the Municipal Commissioner's letter No A1 76/43-44 dated 21st September 44, duly verified

"S & T" A copy of the note marked 'A' and 'B' showing the modifications made by the Bangalore Local Audit Circle, is herein enclosed along with "V" a modified abstract estimate of Revenue and Expenditure for the year 44-45.

The Municipal Council under cover of resolutions passed by them on various dates of Council Meetings have provided a sum of Rs 7,37,460/- "W" under various heads of account as listed in a separate abstract marked 'C' and enclosed hereto.

These are new items of charges requiring sanction of Government before being provided in the Draft Budget As their elimination from the Draft Budget Estimates for want of formal sanction of Government, would materially alter the Budget Estimates framed by the Municipal Council, they have however been retained pending sanction

I have the honour to be,
Sir,
Your most obedient servant,

M Shamanna
Comptroller
30 10 44

30 10 44

Note on the modifications proposed in the draft budget Estimates of the Bangalore City Municipality for the year 1944-45.

Receipts.

A Municipal rates and taxes -

(2) Taxes on Buildings and lands	Rs	2,40,000
(6) Water tax		2,16,000
do on Govt Buildings		16,542
(7) Lighting Tax		48,000
(8) Sanitary Tax		96,000
Total		6,16,542

The Municipal Council anticipates to collect a ~~xxxxxxx~~ revenue of Rs 6,16,542 under assessed Taxes against a demand of Rs 9,75,000 for 44-45 The percentage of collection for the past three years is noted in the margin This gives higher percentage than in previous years and the provision is allowed to stand as the Municipal Council expects to assess all buildings newly constructed and effect revision of taxes during the year

Year	Demand	Collection	Percentage
1941-42	9,32,828	5,50,000	58 9
1942-43	9,64,928	5,32,554	55 21
1943-44	9,93,780	5,58,058	56 15
1944-45	9,75,000	6,16,542	63 23

B Realisations under special act.

		Increase	Decrease
3 Motor service tax	provided 112500	Rs	Rs
	modified 110000		
			2,500

(The annual average contribution receivable from Govt is only Rs 27500 and not 30,000 as calculated by the Municipal Council Hence the reduction

Mileage Cess -Provided Rs 9,200
Increased 9,800

600

ab/

	Increase	Decrease
Actual cess due by Govt for the past sever quarters at Rs 1,400 per quarter is Rs 9,800 which has been taken to account		
(C) Revenue derived from Municipal property and powers apart from taxation		
1 Lease rent of Koramangala tank		
Provided Rs 16,000 Modified 11,000		5,000
Out of 160 plots available in the Farm Achl at 50 plots have been given away to Horticultural Department and the revenue expected from the remaining 110 plots at Rs 100/- each is Rs 11,000 which isnow provided		
Total Service Heads	600	7500
Debt Heads		
F Public Debt		
2 Advances		
Provided Rs ~~5,000~~ 5000 Increased to 30,000		25,000

(The amount provided in the current year's budget is far less than the average of previous three years

1941-42	26,899
42-43	20,307
43-44	29,322
Average for 3 yrs	25,509

As the amount advanced is expected to be realised during the year and as a provision of Rs 30,000 is provided under expenditure side, a like provision is made under receipts Hence the increase

Total Debt Head Rs 7,58,800

Assistant Comptroller

B L A C

	Increase	Decrease
B Expenditure -		
A General Administration		
(a) 1 Salary Bills -		
Provision made Rs 20,800		
Provision reduced to 18,300		2,500

Assistant Comptroller,
Bangalore Local audit Circle

23/10/44

C P 69/44/Enc 1

C N NARASINGA RAU, B A , B L ,
Honorary President,
City Municipal Council

Bangalore City,
Dated the 2nd November 1944

3063/4/37

Dear Sir,

The Budget estimates of this Municipality were sent to the Comptroller on 22-9-1944 In this connection, I write to state that the Municipal Council have made provision for several items of expenditure, in the Budget, for improving the City and creating more amenities to the public, and all these have been made in anticipation of sanction of Government ot the several items A list of such items is herein enclosed for your kind reference Individual references in respect of each of these items are under submission to Government for sanction item by item I therefore request that these items of expenditure provided for by the Council in the Budget submitted to Government, are not deleted on the score that previous sanction of Government has not been obtained for inclusion of the same, in the Budget As submission of these references might take a little more time, I have written this letter to request that the provisions made are not struck off The provisions may be retained pending final sanction of Government to the several items

Yours sincerely,
C N Narasinga Rau

C Narayanaswamy Naidu, Esq , B A , B L ,
Secretary to Government,
Law Department, Bangalore

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

R e a d -

Letter No.140/CL\D dated 28th October 1944 from the Comptroller to Government forwarding with his remarks the budget estimates of the Bangalore City Municipality for the year 1944-45 received from the Municipal Commissioner, Bangalore City with his letter No.A1-76/43-44 dated 21st September 1944.

Order No. L-50234-ML-3644-2

Dated, Bangalore the 24th November 1944.

The Municipal Council had an opening balance of Rs.10,26,643 on 1st July 1944.

The total receipts anticipated during the year are Rs.32,35,392.

The following modifications are made on the receipts side of the budget -

Budget Head.	Anticipated by the Municipal Council.	Sanctioned by Government.	Remarks.
B. Realisations under Special Acts.	Rs.2,51,900	Rs.2,50,000	As suggested by the Comptroller after verification.
C. Revenue derived from Municipal property and powers apart from taxation.	" 7,79,650	" 7,74,650	
F. Public Debt. .	" 7,33,800	" 7,58,800	

It is hoped that the anticipations would be realised in full.

The Municipal Council has provided for a total expenditure of Rs.41,25,493.

The following modifications are made under the several heads for reasons noted against each -

Budget Head	Proposed by the Ml. Council.	Sanctioned by Government.	Remarks.
A. General Administration.			
(a)(1) Salary Bills	Rs.20,800	Rs.18,300	Actual salary drawn by the Officers on 1-7-1944 is taken into consideration
(f) Miscellaneous.			
Clothing charges for all Officers.	" 10,300	" 8,000	As the prices of clothing are on the decrease no increase is considered necessary.
II Collection.			
2. Detectives. Establishment to recover the octroi on articles received by post.	" 1,700	" 3,000	To meet the actual cost of the establishment.
Revenue Office. Permanent establishment.	" 8,700	" 6,600	As per scale on 1-7-1944.
Municipal Grain Depot Establishment.	" 1,900	" 1,644	Establishment sanction in G.O.No.L. 495-7/Ml.143-43-20 dated 17-7-1914 plus additions proposed by the Municipal Commissioner.
Swimming Pool Establishment	" 2,500	" 2,200	Sanctioned Establishment charges Rs.1000 and the increased provision for providing amenities.
C. City Improvement Grants.			
Underground drainage works.	~~1,28,000~~ 1,64,000	" 1,28,000	The Govt. share for the year is only Rs.64,000/-
D. Municipal Engineering Works -			
Mobile gang for intensive cleaning	10,000	" 9,500	Amount sanctioned in G.O.No.L. 12927-9/Ml.10-43-125 dated 28-6-44.
City Improvement Works.			
Suboverseer	Rs. 700	" ---	Establishment disbanded since 1-7-1944.
Printing Block Plans :-	" 8,000	" 10,000	Provision made as sanctioned in G.O No.L.9328-30/Ml. 10-43-100 dated 7-8-1944.

30

F. Public Health and Convenience:-

2. Conservancy & Sanitation.

(a)(1) Supervising Staff	Rs.19,000	Rs.19,300	As per scale of 1-7-1944.
(ii) Sweepers & Scavengers including temporary hands.	" 98,000	"1,03,524	Due to the grant of a uniform pay o Rs.10/- each per mensem to all sweepers who are above 18 years of ag
Cart hire for silt cartmen	" 45,700	" 44,640	As per actual scale on 1-7-1944 cart hire at Rs.60/- p.m for 62 carts instead of 40 sanctioned is made provisionally and i included in th above provisio

6. Market and Slaughter House -

(11) (2) Temporary Establishment for collecting fees.	" 576		Since the slaugh ter house was leased out for collection.

Minutes of the proceedings of the Special Meeting of the City Municipal Council, Bangalore, held on Monday the 4th September 1944 at 4 PM in the Council Hall of the City Municipal Offices, Bangalore, for consideration of the draft Budget for 1944-45

The President presenting the Budget made the following speech:- (For the speech please see separate copy).

Mr. W.H. Hanumanthappa thanking the President for his very clear and enlightening speech on the Budget said that it was clear from the figures of the Closing Balance that the amounts set apart for many works had not been spent. This attitude of a banker in not spending the amounts provided for, but saving them was not befitting such a corporate body as the Municipal Council. The Council had passed many resolutions and had made observed very frequently that the roads, drains, etc., should be attended to but nothing has been done. If the Executive had only acted in accordance with the resolutions of the Council, there would not have been such a huge balance. A number of acquisition schemes passed by the Council have been kept by without being acted upon. The Council had sanctioned the construction of a Slaughter House but no steps had been taken in this behalf. Even now, necessary provision may be made in the budget and the work started.

As regards the Housing Scheme, he observed that a decent sum should be set apart in the Budget for this purpose. It was but desirable that they should put up small houses and give them to the poor on hire purchase system. Provision for putting up shops in the upstairs of the Market, which was a very remunerative proposition may be made in the Budget. The allotment for layouts and extensions should be increased. He suggested the opening of vegetable depots by the Municipality, in the other markets of the City. As regards the lease of cartstands he said that tenders might be called for immediately and the right disposed of soon. He suggested the construction of a musafarkhana for the convenience of the outsiders.

As re. the figures under water supply, he said that though the Council had repeatedly urged for increasing the minimum free supply to 4,000 gallons, the Government had refused their requests. Now that the mains were woking properly there would not be any difficulty for Government to accede to their request and so they might make a provision of Rs.3,3000/-

Rs.33,000/- for meeting the extra cost in this behalf.

As regards the changes made in the Budget by Government, Mr. W.H. Hanumanthappa said that it was an interference with the powers of the Council since they were amending the figures without consulting them. So they should now resolve that the Government should change the figures only after consulting the Council. Further, the C. & M. Station Municipality was getting a contribution of a lakh of rupees from the Government of India for improvement works and similarly, the Government of Mysore should also make a contribution of a lakh of rupees for important improvement works. As regards the current charges levied on the Council, he said that while Binny Mills and other commercial concerns were getting current at a lower rate, the Council was being asked to pay a higher rate. He suggested that they may request the Government to take only that the Municipality was actually getting from this source.

Concluding his speech, Mr. W.H. Hanumanthappa observed that under Rule 14(a) of the Managing Committee Rules, the Office ought to give them a list of works proposed to be taken up during the last two years, the works completed and the works to be finished, so that they might know how they stood in this behalf. He observed that this would be done by the Office now at least.

Mr. A.J. Khaleel speaking next observed that it was regrettable that the Municipality instead of spending moneys in creating amenities to the people, had taken up the attitude of bankers and saved huge amounts. Though they had collected huge sums from the public by way of taxes, etc., they had not made use of the money so collected for giving better amenities to the people. He regretted that even the dead were left uncared for inasmuch as no steps had been taken to extend the burial grounds already overcrowded by corpses. He spoke about the deterioration of the roads and drains and said that though they had given sufficiently large sums for the improvement of the same, the Executive had not taken any steps in this direction. Some the Extensions have become so bad that they are unfit even for stabling animals. It is no doubt true

true that the prices of commodities have gone up in price but this should not be made the reason for not spending any money. If necessary they might even borrow to provide facilities to the public. When the Municipality had not cared to give any amenities to the people, she had no moral right to ask for the arrears. He finally said that in the discharge of their duties in creating amenities to the people, they should not mind the cost involved.

Mr.T.T. Sharma next observed that the habit of allowing arrears to accumulate was like a double edged sword, cutting both sides. On the one hand, the Municipality would not be in a position to give amenities to the public and on the other hand, the people would get into the habit of allowing taxes to fall into arrears. He therefore urged that the Executive should exert and see that the arrears are collected early.

As regards the resolutions passed in the Council, he said that the Executive ought to see that they are given effect to early and suggested that a list of the resolutions acted upon may be placed before the Council so that they might know how many resolutions have been passed and how many acted upon. As it is there was inordinate delay in giving effect to the resolutions. Large sums of money have been allowed to lapse and only such money as was required to be kept in deposit under the Act should be kept in deposit and the other amount spent. In all other Municipalities they not only spend the amount set apart but also raise loans to provide amenities to the public. Roads and foot paths and drains have been completely neglected and the repairs should be undertaken under a definite programme.

As regards removal of rubbish, he said that though they had passed resolutions to municipalise the services nothing had been done. The removal was far from satisfactory. He suggested that a large number of dustbins may be placed for putting rubbish in all Divisions. He also opined that every division must be provided with a bathing ghat. The provision made for improving burial grounds was very little and should be enhanced.

Speaking about the housing difficulty felt by the poor, he said that the Municipality should take up this work and give relief to the people. They should put up cheap houses and give them on rent. He also suggested the construction of big building with a large number of rooms like chawls in Bombay and give them on rent to students. The Municipality should also put up sheds for sweepers and scavengers.

Continuing his speech, Mr. T.T. Sharma said that it was very necessary that in addition to the Municipality the public also should co-operate with them in keeping the City clean and sanitary He suggested a regular scheme of propaganda by means of pamphlets, articles in papers, announcements by means of the loudspeaker arrangements etc., regarding the work they were doing and they intend doing so far as the sanitation and civic amenities of the City were concerned. They may also make a provision for this purpose in the Budget.

He next said that it was not possible for one Reporter to cope up with the work of the Council. Further they had resolved to have the proceedings in Kannada in future. So he suggested that they should have at least two English and Two Kannada Reporters for the Council. He suggested the starting of a Municipal Gazette as in Madras for educating the public in civic matters and wanted provision to be made for this.

As regards improving the burial groubds, he said that a lot remained to be done in this behalf. Though the Municipality had attempted to solve the fuel problem to some extent, the result was not very satisfactory. This fuel problem would ever remain a menace to the City and so he suggested that they might introduce gas as in Bombay which is being supplied by the Corporation there.

Mr. G. Ranjappa speaking next observed that the President's speech was so fine and enlightening that it should be given proper publicity amongst the people so that they might know the real state of affairs. The Council had made sufficient provision for giving amenities to the people but the Executive had allowed the provisions under the several heads to lapse. This was the same

same case last year also when they allowed most of the provisions to lapse. If only all the moneys had been spent they could have approached Government, with assurances for a liberal contribution. Now the huge balance on hand would certainly make - Government to give refusal to their request. Further, wherever Budgets are placed before the Council the Executive have not only to show the sources of expenditure, but more important than that, they should point out ways of augmenting the income of the - Municipality. This has not been done in the present case. Nor have they shown any worthwhile expenditure. Except the huge salaries of the Executive and the subordinates, no deserving item of expenditure has been pointed out. The sum they are spending on metals and road repairs was a sheer waste inasmuch as the road continue to be in very bad condition.

Speaking next on the ways of increasing the revenues, he said that they could augment their resources, by having new sources of income and secondly by curtailing unnecessary expenditure. For increasing the revenues, he suggested that they should levy - advertisement tax and also make a Monopoly of all the advertisements so that all that money that is going to private people may come to the coffers of the Municipality. This would give about a lakh of rupees revenue to the Municipality.

Secondly, the Government was taxing away all the conversion fine levied on lands converted into building sites within City limits. They should request Government to hand over all the fine to the Municipality since it is the Municipality that will have to provide amenities like light, water etc., to those lands.

Thirdly, the Government was making 60 to 70 lakhs of rupees from the City by way of Excise, Registration etc., and the Municipality should request them to give a portion of the same to them.

Fourthly, the water rate claimed by the Government now was very heavy. Being their largest consumers, the Municipality had a right to request them to reduce the rate.

Fifthly, the current charges recovered from them was far higher

higher than the rate they were levying on Binny and other commercial concerns. Such a sort of invidious distinction was not proper and the Government should reduce the rate to be at par with the rate they levy on Binny Mills etc.

Sixthly, the Municipality was paying yearly a sum of Rs.13,500/- for the maintenance of the E.D. Hospital. This was a proper - charge on Government funds and the amount now so given may be released for langarkhana doles.

He next spoke about the several provisions made in the Budget and said that the P.C. Department was not fully manned. It should be given more hands and better work extracted from them. The - entire income from this Department may be spent for improving the same Department.

As regards the clearence of slum areas, he said that there were more than 30 places deserving their immediate attention. He suggested that these places may be acquired, sites formed by the Municipality and leased out to people on reasonable rent and the Municipality could then give them light, water etc. Speaking about the jutkas plying in the City, he said that they were neither comfortable nor easy moving. He suggested that Shahpasands as in Mysore may be introduced.

He suggested the introduction of tramways in the City and wanted four lakhs of rupees to be set apart for creating amenities to the sweepers and scavengers. The opening of a workshop for repairing tools and plants etc., would greatly minimise their expenditure in this direction. Health propaganda should be revived and sufficient provision should be made for this in the Budget. Just as the proposals of the Health Officer to make the sweepers and scavengers permanent, the Municipal Engineer should also submit before the next meeting proposals for making his gang permanent.

He next referred to the salary of the Commissioner and said that the Municipality was bearing the entire cost. This was not correct. Even in the India Government, the salary of the Secretary of State for India will be charged to British funds. So they must

must make a request to Government to bear the cost and they would be within the Act in doing so.

Then the President introduced the new Municipal Engineer Mr. R. Madhavan to the House and welcomed him to the Municipality on behalf of the Councillors.

Then the House rose for lunch and when they resumed after lunch, Messrs. H.C. Suryanarayana Rao, T.T. Sharma, B.V. Gupta, K.N. Ramaswami, M.A. Gopalaswamy Iyengar, M.K. Narayana Iyengar, M.H. Hanumanthappa and Mrs. Dwarka B i Cadambi all walked out Mr. H.C.Suryanarayana Rao stating that this was as a protest against the Commissioner not being present in the meeting. - Since there was no quorum, the President and the Vice President only being present, the meeting was adjourned for want of - quorum.

Honorary President

Before taking up the Budget, Mr. G. Nanjappa observed, with the permission of the House, that the fuel scare was once again staring the public in the face, that there was a panic in the public about this and that immediate action should be taken to relieve the public of this. There was a good stock of fuel but the trouble was to get it to the depots. He said that they may introduce carts for getting fuel as the lorries could not be spared, for this work.

Mr. H. C. Suryanarayana Rao speaking next said that the supply of fuel was not adequate and there was a lot of trouble for fuel. The case of charcoal was still worse. Many of the depots were denied the privilege of selling charcoal. Things which could be worked up by the Municipality should be undertaken by them and if they felt that some schemes were unworkable by them, they should not undertake the same.

The Commissioner informed the House that formerly they were getting fuel from Doddaballapur side in their own lorries but since this was found to be impracticable, he had written to Mr. Machia, the Special Officer, who promised to send fuel in Government lorries at the rate of two lorries per depot. He accordingly made a reference to his subordinates but for some reason or other, it was not acted upon and the Commissioner was given to understand that such supplies would be made after giving to the Government Depots, first. On this he directed the Personal Assistant to see the Special Officer who agreed to release 10 lorry loads from the Central Reserve everyday. So all possible efforts had been made to relieve the situation.

Then, the budget was taken up.

Mr. M. K. Narayana Iyengar speaking next said that a sum of Rs.24,000/- and odd was shown as arrears under Profession Tax and wanted to know if all the Municipal Officers who had to pay the tax had paid the same. The President informed the Member that the information would be furnished later.

Mr. Ramalal Thiwari next observed that they had provided

provided a certain sum of money in the last year's budget for acquisition of Shamanna's Bungalow in the 3rd division and though it was sanctioned by Government, it had not been - pushed through. While new schemes were being worked up, such old schemes were shelved. He therefore urged that a sum of Rs.50,000/- may be set apart in the Budget for improving 3rd division.

Mr. H. C. Suryanarayana Rao next observed that the method of preparing the Budget in this Municipality was peculiar. A sum of 6 lakhs had been paid by the public as deposits towards layouts, which the Municipality was bound to refund, but this was not shown separately anywhere in the Budget. This ought to have been done, since under the present procedure, they are sure to spend this amount for some other purpose also.

As regards realisations under Octroi, he observed that on account of high prices now, the income had increased to that extent but this should not be taken as the data for adjusting expenditure.

Regarding revision of assessment he said that there has been a great loss on account of delay in giving effect to it and that it should be taken up immediately. There were many houses which had come up newly but which had not been assessed as yet and all such buildings should be assessed immediately. There was no improvement in Profession Tax recovery though they had deputed an Official to Madras for training in this behalf. As regards the adjustment of Entertainment Tax due from Government he said that it was better if the accounts were subjected to Municipal Audit and the same procedure should be followed in all cases where amounts were due from Government. As regards sale of license and other forms, the Municipality was collecting six pies per form and it was not known why a seperate head was not shown in the Receipts side of the Budget for this.

As regards water tax, he observed that many people were getting sub number to their houses with a view to have the benefi-

benefit of the minimum supply of 3000 gallons and that this was greatly affecting the finances of the Municipality. He suggested that a committee may be constituted to go into this and find out ways and means of improving the situation.

He further observed that the menials had not been provided with clothes last year and that this should be done now at least. Arrangements may be made to get the door numbers and the street name boards painted and necessary provision be made in the Budget for the purpose. Caution boards should be put up near the School zones restricting the speed limit of fast moving vehicles. Shelter is not provided in the Bus stand for passengers from rain and the income from the stand was also much below the expectation. This must be looked into.

Mr. H. C. Suryanarayana Rao finally said that they should have a permanent list of all properties, movable as well as immovable, belonging to the Municipality for ready reference.

Mr. P. R. Ranish speaking next said that the members knowing full well the needs of the rate payers had moved some resolutions and had made provision in the Budget for the purpose and the Executive should see that the amounts so provided for are spent without being allowed to lapse. It was seen from the Budget that no provision has been made for clearness of slum areas and they are in the same condition as they were in the beginning. The Council had passed several resolutions for improving the slum areas but they were all kept aside for want of funds.

As regards the housing the poor scheme, a sum of Rs.75,000/- has been provided but the Government will delete the amount if no details of the scheme are given. So this should be done. He suggested that the Municipality may put up model houses and rent them to the poor on nominal rents, as the system of granting sites to the poor was not benefitial. A sum of Rs.one lakh may be set apart for this purpose in the Budget, as also for providing accomodation to the students. sum of one lakh may be provided for construction of bathing ghats.

Mr. A. J. Khaleel said that the amount given to the Engineering Department was not spent fully and that this should not be allowed to repeat this year.

Mr. K. N. Ramaswamy also spoke about the huge amount under closing balance.

Mr. B. N. Gupta speaking next said that out of the 9 lakhs and odd of closing balance, a sum of nearly 3 lakhs has been realised in excess of the expectations in the Octroi revenues and one lakh more under Public Debt. These two unexpected revenues could be expected to be spent as they were not expected at the time of framing the Budget. Thus a sum of four lakhs nearly has been realised unexpectly.

On the expenditure side, a sum of two lakhs wa provided for B. V. Krishna Iyengar Road was not spent as the matter was not yet fully and completely decided by the Council. A good sum provided for layouts also remained unspent for reasons not within the province of the Executive. Thus a sum of nearly 7 lakhs remained unspent out of 9 lakhs and this was not due to any latches on the part of the Executive. As regards the balance of 2 and odd lakhs, many

many of the items budgetted for could not be taken up and spent for want of timely sanction from the Council.

As regards the expenditure side, he said that most of the money provided for in the budget was being spent by the Water Supply Light and Underground Drainage Departments. The Municipality was simply passing their bills without actually finding out whether the expenditure was proper or not. He quoted certain instances of underground drainage estimates and water supply estimates and said that in these cases the Municipality was criminally lavish It was better the Municipal Council bestowed some more attention to these matters and see that the expenditure is proper and legitimate. They have been simply talking of schemes and doing things but when it came to actualities, they would find that there has been no progress. The Intensive cleaning they were having every week but the rest of the days in the week, the cleaning will not be so satisfactory Such things should not be allowed. Slum areas must be tackled and every attempt made to improve them, instead of touching up places where the high move about. The Council has sanctioned establishment for the upkeep of the gardens but the gardens are to be improved. They must have an auditor to audit the accounts of the old materials whenever new materials are given to other Departments like, Water Supply, underground drainage etc.,

Mr. K. N. Ramaswamy next observed that the non-execution of Engineering works, etc., was due to slackness in payment of bills. If the bills are paid promptly, the contractors also would be very enthusiastic in completing their works. The Executive should give full co-operation to the Council and see that they all work for the common good of the rate-payers.

Next, the Council would frame its Budget with a good deal of scrutiny and care but when it goes to Government, they would delete many items of expenditure with a stroke of their pen. Such things ought not to be allowed, and the Government should not alter the Budget without their approval. He next spoke about the delay in framing the Budget and said that it should be avoided in future.

Speaking next about the difficulties felt by the students in getting accommodation, he said that it was very necessary to make a provision for the purpose of putting up a hostel for the students. The sum of one lakh suggested for this purpose was too small a figure.

Mr. K.M. Naganna observed next that there was a considerable delay in framing the Budget and placing it before the Managing Committee and the Council. This should be avoided in future. Delay in sending the approved Budget would result in delay in getting it sanctioned by Govt. Most of their works would be upset, and many of the provisions would lapse for want of time to spend the same.

As regards the Closing Balance of over 9 lakhs, he said that this was due to unexpected income under Octroi and Public Debt and Savings due to non-sanction or delay in sanction for executing the works. He said that a sum of two lakhs under B.V. Krishna Iyengar Road, a sum of one lakh under layouts, etc., could not be spent for want of final sanction to the works being carried out. It was not right to hold anybody responsible for these savings.

As regards Engineering Department provision, he said that the works could not be got done as the tenders were sanctioned very late by the Council and the Contractors also refused to do the works at the tender rates, due to fluctuations in prices.

Coming to the Budget details, he said that the provision of Rs.30,000/- for water subvention, omitted in the budget, should be included and they should approach Government again to reconsider their opinion in the matter. He said that a sum of Rs.60,000/- may be shown on the receipt side under Sub Vention from Government, being the arrears of 1943-44 and the grant for 1944-45.

Mr. K.J. Naganna next brought to the notice of the Office that no provision had been made in the Budget for improving the Water Supply to the City. Much difficulty was being felt in many places for water and it was very necessary that they should provide at least a lakh of rupees for this purpose. He next referred to the sanitation of the City and said that considering the rapid growth of the City it was but right that the number of sweepers and scavengers should be increased and that they may make necessary provision for this. The President informed the Member that this question was being investigated separately and that the matter was under completion and would be placed before them.

Mr. K.M. Naganna continuing his speech said that the Office was both undermanned and poor paid. While in other Departments, the staff had chances of promotion, here they were forced to stagnate after reaching a certain grade. Hence the officials were trying to get away from the Municipality with the result the Municipality would lose the services of efficient hands. He therefore suggested that the grades in this Municipality should be revised to be at par with the grades in the Revenue Department.

He finally requested the Executive to put forth their best efforts and see that all the monies provided in the Budget are spent for the purposes for which they were set apart, and thus give the rate-payers all the amenities.

Mr. M.V. Narayana Iengar next observed that the Budget as present was far from satisfactory. No attempts had been made to show any methods by which the incomes of the Municipality could be increased. A Special Committee had been appointed to go into the question of augmenting the resources of this Municipality and the Managing Committee ought to have taken suggestions from its report. The Budget should be framed in such a way as not to permit of any changes at the hands of the Government. If only proper sanctions are taken for all items provided for in the Budget, the Government would not have any grounds for deleting any provisions. So all resolutions passed in the Council may be sent to Government, immediately and their approval obtained, before sending the resolutions to Government.

Coming to the Underground Drainage Department, he said that this Municipality had no control over the Department. As regards the Water Supply charges, he observed that while the Municipality was liable to pay 5 and odd lakhs to the Department, they were realising only 4 and odd lakhs and the difference had to be paid out of other heads.

Coming to the details of the Budget, the Member said that when they were getting an increased sum, it was but right that the Municipality should spend more in creating amenities to the people. The mere fact that the sanction of Government was got late, would be no reason for not executing the works. When the Council was willing to offer its fullest support and co-operation, the - Executive should go on with their programmes.

Continuing his speech, he said that if the actuals of the last year were taken into consideration, the Closing Balance would go up very high, higher than the 9 lakhs now given. If the Executive had only taken up works in anticipation of Government sanction, they could have spent the provisions under the several heads.

Coming to Maternity Homes, he said that the state of affairs there were far from satisfactory. They had no proper apparatus and medicines and so they should make necessary provision in the Budget for improving the Homes.

At this stage, the Commissioner read out his Notes on the Budget for the information of the House (For his Notes, vide separate sheets).

Then the meeting terminated.

Sd/- C.R. Narasinga Rau,
Hon. President.

Honorary President

WO 34/46

Proceedings of the Budget Meeting of the City Municipal Council, held on Thursday the 14th September 1944, at 4 P.M. in the Council Chambers of the City Municipal Offices, B'lore

Discussions on the Budget Estimates for 1944-45 was continued. The Budget Estimate was adopted, with the following modifications, item war being discussed and taken.

Under A. Municipal Rates and Taxes, the following modifications were proposed by the President and approved by the Council.

	Revised estimate for 1943-44.	
Octroi	6,57,000	
Taxes on buildings and lands	2,24,000	
Profession Tax	25,900	
Tolls	72,400	
WaterTax	2,17,800	
Lighting Tax	44,800	
Sanitary Tax (including scavenging and latrine rates)	89,600	
Motor Service Tax	~~30,000~~	Deleted ~~in~~ ~~2,000~~ in the Budget Estimate for 44-45.

Mr. President:- Regarding the Motor Service Tax, it has not been included at all, because we have been corresponding with the Government to give that amount and they have not given for the past three years. We have to omit that figure from 43-44 and add it as arrears for 44-45. Therefore a sum of Rs.82,500/- should be added on to the sum of Rs.30,000/- provided under the Receipts of the Budget Estimates for 44-45 under this head as arrears. I suggest that a resolution that this arrears of Rs.82,500/- may be called for immediately, may be passed.

Mr. K.H. Naganna next moved that "the arrears of Motor Service Tax amounting to Rs.82,500/- due by Government may be requested to be paid by Government immediately." Seconded by Mr. M.H. Hanumanthappa, the resolution was unanimously passed by the House.

Mr. President:- Regarding Mileage Cess, we have actually realized Rs.1,300/- out of Rs.5,000/- and the balance has therefore to be taken under Budget Estimate for 44-45.

Mr. K.H. Naganna wanted to know whether there was such a balance pending in ~~xxxxx~~ 42-43 and as to why the amount was not sent by Government in full as in previous years. The President informed the Member that he was informed by the Office that the amounts were not adjusted by the Comptroller. Mr. K.H. Naganna said that if there was an usual delay, he had no objection in taking that amount under the Budget Estimates, as amounts to be collected by the Government, because according to his information the mileage cess collected by the Government in 43-44 was less than the previous years and if that was so, naturally the income derived under this head would be less.

Then the House resolved that the amount of Rs.5,000/- in the Revised Estimate column under this head ~~was~~ altered to Rs.1,300/- and the balance of Rs.4,000/- was added on in the Budget Estimate for 44-45.

ENTERTAINMENT TAX:- Mr. K.H. Naganna proposed that the amount under Entertainment Tax in the Budget Estimate for 44-45 be raised by Rs.20,000/- and this was unanimously passed by the House, seconded by Mr. C. Chenniah.

EXCESS SURCHARGE FEES:- The amount of Rs.20,000/- in the Re-

No.34/44.

Minutes of Proceedings of the Adjourned Special Meeting of the City Municipal Council, Bangalore, held on Thursday, the 14th September 1944 at 4 P.M., in the Council Chambers of the City - Municipal Offices, BANGALORE. -

---

PRESENT -

C. N. NARASIMHA RAU, ESQ.,B.A.,B.L.,
Hon. President.

Messrs.

1. W. H. Hanumanthappa.
2. Ramalal Thiwari.
3. C. Chenniah.
4. P. V. Ramachandra Gupta.
5. H. B. Shankarappa.
6. K. V. Ramaswamy, B.A.,
7. P. Shivashankar, B.A.,LL.B.,
8. L. K. Narayana Iyengar,B.A.,B.L.
9. Mrs. Dwarakabai Cadambi.
10. K. M. Nagappa.
11. A. K. Jayamuthuraju.
12. Misrilal Parasmull.
13. S. Ghouse Mohiyuddin.
14. A. J. Khaleel.

ABSENT -

Messrs.

1. M. V. Veerappa.
2. G. R. Ethirajulu Naidu, B.A.,B.L.,
3. N. Keshava Iyengar, B.A., B.L.,
4. G. Nanjappa.
5. Sriman Rangaswamappa.
6. S. Visvamurthy, B.A.,
7. D. Venkataramanappa.
8. B. N. Gupta.
9. P. R. Ramiah, B.Sc.,
10. L. S. Raju, M.A.,(Hons),B.L.
11. T. T. Sharma,
12. M. A. Gopalaswamiengar,M.A.BL
13. H. C. Suryanarayana Rao.
14. K. Ambrose Ananda, B.A.,L.T.,
15. Mirza Azizulla Beig.

Revised Estimate was altered to Rs.24,000/- with the approval of the House, so also under C2. Sale of Lands, from Rs.1,50,000/- to Rs.1,17,300/- in the Revised Estimate for 43-44 as per actuals. under sale proceeds of lands it was resolved that the figures for 43-44 be revised to 1,17,300/-

Mr. W.H. Hanumanthappa:- There was a resolution in this Council to Municipalise cart stands and if that was done a sum of Rs.60,000/- was expected to be realized under this head. The Speaker therefore proposed that amount of Rs.5,000/- under this head in the Budget Estimate for 44-45 might be charged to Rs.60,000/-.

Mr. President:- It will take some time. We will have a separate resolution for providing cart stand under Expenditure to acquire and make all these things. We will provide a sum of Rs.20,000 and get income out of it.

In view of the suggestion made by the President, Mr. W.H. Hanumanthappa did not press for his proposition.

The President proposed that the amount of Rs.1,00,000/- provided for Underground Drainage Works in the Budget Estimates for 44-45 be changed to Rs.64,000/- as that was the amount provided for by the Government in the State Budget and that the sum of Rs.1,85,000/- in the Revised Estimate for 43-44 be changed to Rs.1,21,000/- contributed by the Government. This was approved by the Council.

E. Miscellaneous - Education Cess:- Rs.32,800/- was adopted by the House in the Revised Estimate for 43-44 as against Rs.20,000/- based on the actual payment.

Mr. K.M. Hagganna proposed that in regard to the Education Cess, the Government may be requested to give a deduction of 15% on the amount collected towards collection charges, as the Government is collecting in respect of collection of Entertainment Tax from the Municipality.

Seconded by Mr. W.H. Hanumanthappa, the above resolution was passed by the House unanimously.

F. Public Debt:- ADVANCES:- Both in the Revised Estimate for 43-44 and in the Estimates for 44-45, Rs.5,000/- was adopted by the House against Rs.30,000/- provided.

E X P E N D I T U R E

As proposed by the President, a sum of Rs.500/- was provided under A2. Head Office Establishment, to meet the salary of the Kannada Reporter, as resolved by the Council, in the Estimate for 44-45.

Mr. F.". Nagappa - We had asked the Commissioner to put up a proposal to-day before the Council regarding the re-organisation and revision of scale of pay of the employees and I do not know why he has not placed before us.

Mr. President - We shall first finish up the items and take it afterwards. As some Members pressed that it should be taken for consideration now only, the Commissioner's Note was taken up.

Then, the President proposed the following:- "That a sum of Rs.13,000/- be added under General Administration towards the revision of the scales of the existing staff and extra staff as per the recommendation of the Commissioner. The Council accepts the proposals of the Municipal Commissioner dated 13-9-1944 - regarding the re-organization and revision".

"Further resolved that so far as the existing staff is concerned, the revision of scales of pay be given effect to from 1st July 1944.

" Seconded by Mr. K.V. Naganna, the above resolutions were unanimously passed by the House.

Mr. President:- I would suggest in this, that the Council Clerk may be given as Special, 60-4-80. We have provided four places on 60-4-80 and one place may be given to the Council Clerk.

Mr. Commissioner:- There is no Council Clerk. He is one of the Senior Clerks and he is invariably posted to the Council. We cannot designate now, because when an allocation statement is prepared, the pay is fixed.

Mr. President.- I would suggest that specifically the Council Clerk is given Rs.60-4-80.

The President next moved that "the number of clerks in Head Office on 60-4-80 be fixed at four, one of them being Council Clerk, (2) that one more Steno-typist be entertained to the Hon. President's Office on a pay of Rs.50/- in grade Rs.50-2-60.

Seconded by Mr. K.V. Naganna and supported by Mr. V.H. Hanumanthappa, the above resolutions were unanimously adopted by the House.

Mr. V.H. Naganna said that only capable and efficient hands were required to cope up with the Council work and as such it was necessary to post an Official on Rs.60-4-80 as Council Clerk. The following resolution tabled by Mr. V.H. Naganna was unanimously approved by the house, seconded by Mr. V.H. Hanumanthappa.

"Resolved that further the scale of pay of the Council Clerk be fixed at Rs.60-4-80 and the Present Council Clerk be given that grade from 1-7-1944."

Mr. President:- A subject has been placed before the Municipal Council and it is deferred for consideration. The Commissioner says there is ~~the~~ demo that the Personal Assistant to the Municipal Commissioner should be an Officer of the Status of an Assistant Commissioner, instead of an Amildar.

Mr. Commissioner:- In the Municipal Office at Mysore, there is an Office Superintendent on 90-5-120 to manage the Office. In the Premier City Municipality of Bangalore, there is no Office Superintendent, ~~xxxxx~~ but instead, there is a Personal Assistant. One Officer in the grade of an Assistant Commissioner may be appointed as Personal Assistant and the same Officer may be Land Acquisition Officer and the post of an Office Superintendent may be created to manage the Office.

The consideration of the subject was deferred.

A sum of Rs.6,400/- as against Rs.8,000/- in the Revised Estimate for 43-44 under A2.F. Clothing Charges was adopted. Under A2. Octroi Establishment, an additional provision of Rs.300/- was made in the Estimates for 44-45 towards pay of t the Railway Clerk.

Mr. President:- Revision of taxes, we have got Rs 4,000/- and we may increase it by Rs.1,500/- more in view of the fact that the Council may resolve later to employ Two Assessors to expedite the work. Then the following resolution was passed.

"That an extra sum of Rs.1,500/- be provided in the Estimates for 44-45, under Revision of Taxes, to meet the pay of Two Assessors."

A sum of Rs.16,000/- as against Rs.20,000/- under Refunds and Rs.21,000/- as against Rs.15,000/- under Pensions and Gratuities including Pensionary contribution in the Revised Estimates for 43-44, was adopted.

B. Public Safety:- Under Street Lighting Charges Rs.68,000/- was adopted as against Rs.62,500/- in the revised Estimates for 43-44. Then the following alterations were made unanimously.

C. City Improvement Works:- The provision of Rs.5,000/- made in the Revised Estimate for 43-44, towards contribution for widening the Kemmangundi Road, was deleted. The provision made for Underground Drainage Works was reduced from Rs.3,85,000/- to Rs.3,21,000/- in the Revised Estimates for 43-44 and the provision of Rs.2,00,000/- made in the Estimates of 44-45, was reduced to Rs.1,64,000/-.

Under Minor City Improvement Works, the provision of Rs.40,000/- made in the Revised Estimates of 43-44 was reduced to Rs.30,000/-.

Mr. K.M. Nagappa suggested that the provision of Rs.50,000/- made in the Estimates for 44-45 for putting upstairs to the City Market on the Front, should be raised and the President proposed that an additional provision of Rs.50,000/- may be made under this Head. This was agreed to by the House, if the closing balance allowed it.

Mr. K.N. Ramaswamy:- I propose that a sum of Rs.50,000/- be provided for constructing Hotels to the Students in various parts of the City, as per Council resolution.

Mr. P. V. Ramachandra Gupta seconded the above.

Mr. President:- Our rate-payers are starving. I think our need is for the rate payers first and then the Students. I do not say that you should not do it. First provide for the housing scheme, a sum of Rs.75,000/- as noted in the Budget and then we shall talk about your proposition later.

Mr. K.N. Ramaswamy:- I do not mind it. Let this Council say that they are not going to provide for the Students' hostels. If you ask me to sit down, I shall sit down.

Mr. President:- I am not going to ask you to sit down. If you have got little patience instead of taking the risk, make it certain by waiting for 10 minutes more.

Mr. Commissioner - With regard to the Housing scheme, you will be helping directly or indirectly the Municipal work if you provide quarters for the Officers. The area behind the Municipal Offices may be acquired for putting up quarters and rents may be recovered from the Officers as is being done by the Government. If you agree, we shall attend to the work.

Mr. K.H. Veeranna:- If the quarters are constructed for the Commissioners, naturally people other than Commissioners cannot occupy the quarters. Almost all the Commissioners will have their own houses in Bangalore and they prefer to occupy their houses in which case, the bungalow falls vacant. It is therefore not desirable to do it.

Mr. M.H. Hanumanthappa next proposed that the provision made for construction of a Kalyani should be raised by Rs.10,000/- more. The President suggested that an additional provision of Rs.5,000/- was enough and this was accepted by Mr. M.H. Hanumanthappa and approved by the House and accepted by the House (in the Estimates of 44-45).

As proposed by the President, an additional provisionof Rs.50,000/- was made under D, Municipal Engineering works, 1. Original Works, and Rs.80,000/- under Repairs - Works, in the Estimates of 44-45. Similarly the provision of Rs.10,000/- made in the Estimates of 44-45 under Maintenance of Lamps Street Lights was increased by by Rs 50-0-0 more

COMPENSATION - General:- Mr. W. H. Hanumanthappa.-Though the the City Improvement Committee has passed a number of resolutions to improve the old City, but hitherto not even one has been carried out. We pass resolutions every week, but where are the funds? The amount now provided under this head will be paid for awards passed by the Courts to meet the decree amount.

Mr. President.- I give an assurance that the Trust Board will take the question of conservancy lane also.

Mr. W. H. Hanumanthappa.- We are in a dilemma stage now. So far as the court decrees are concerned, it is our experience...

Mr. President.- Out of the grants you have made, we will be able to meet every one of the acquisition, we will be able to do within this year. It is not a question of providing money.

Mr. W. H. Hanumanthappa.- The compensation may be retained for a specific purpose, i.e., improvement of the old city.

Mr. President:- We shall try.

Mr. W. H. Hanumanthappa - We must know our position. The Commissioner will pay the court decrees from the compensation.

Then, it was agreed by the House to keep the compensation of Rs.1,00,000/- reserved in regard to acquisitions in the old City, as far as possible.

A sum of Rs.70,000/- as against Rs.80,000/- was adopted in the Revised Estimates for 43-44, under compensation.- General and an additional provision of Rs.2,000/- was made in the Estimates of 44-45 under TOOLS & PLANTS.

An additional provision of Rs.2,300/- to meet the pay of two Asst. Health Officers and Rs.150/- to meet the pay of a peon to the Food Analyst, was made in the Estimates of 44-45, and the following resolution was also passed.

"Resolved that a peon on Rs.11/- be given to the Food Analyst".

The provision of Rs.20,000/- made in the Revised Estimate of 43-44 under Temporary Anti-malaria and Culex Establishment was increased by Rs.3,000/-

Mr. W. H. Hanumanthappa.- Under whom the Mobile Police is working?

Mr. President.- Under the Health Officer.

Mr. W. H. Hanumanthappa - Who sanctions the prosecutions?

Mr. President - Municipal Commissioner.

Mr. W. H. Hanumanthappa:- It must go to the Health Officer. He must know what it is.

Mr. W. H. Hanumanthappa.- ~~It must go to the H.~~ next moved the following resolution and seconded by Mr. H.B. Shankarappa, it was unanimously passed.

Resolved that an extra provision of Rs.900/- be made under "Establishment of Mobile Police" and that before prosecutions are launched, the papers must go through the Health Officer".

Mr. President:- A lumpsum grant of Rs.15,000/- may be made for additional sweepers & scavengers. 50 sweepers and 50 scavangers.

Mr. K. M.Nagenna.- At least we require 200 persons - extra. 100 sweepers and 100 scavengers. To compensate this, I have no objection to your making a reduction in the provision made for putting upstairs to the Market on the front. The provision of Rs.50,000/- made for putting upstairs may be retained.

The Commissioner said that when the proposal of the Health Officer to entertain 50 sweepers and 50 scavangers in addition, was placed before the Managing Committee, he suggested to entertain at least 100 sweepers and 100 scavangers because without this additional establishment, the above number might not be sufficient.

Mr. K. M. Nagenna:- I entirely agree with the Commissioner. There is one lakh of rupees provided for putting upstairs to the Market. You can bring down that figure.

Mr. Ramalal Thiwari agreed with the suggestion made by the President.

Then, it was agreed to provide an additional sum of Rs.30,000/- for the entertainment of 100 sweepers and 100 scavangers, and retain the sum of Rs.50,000/- in the Estimates for 44-45 for putting upstairs to the Market.

The provision made in the Estimate for 44-45 for cart-hire for silt-cartmen was increased by Rs.15,000/-

A sum of Rs.3,500 was provided in the Estimates of 44-45 under other Charges, Purchase of Cart, dust-bins, etc..

The sum of Rs.20,000 provided for in the Revised Estimates for 43-44 was reduced by 14,000/- while the provision of Rs.50,000/- made in the Estimates of 44-45 was reduced to by Rs.20,000, under Purchase of Lorries.

The sum of Rs 4,000/- as against Rs.5,000/- in the Revised Estimate for 43-44 under Purchase of dust-bins and Rs.330/- as against Rs.4,000/- under purchase of brooms tools, etc.. was adopted.

Rs.5,300/- was provided instead of Rs.12,000/- in the revised estimate for 43-44 under Preparation of Emulsion, while Rs.2,300/- as against Rs.4,300/- in the revised estimate under Other Epidemics. An additional provision of Rs.10,000/- was made under Cyano Gas Gang, in the Estimate for 44-45.

An additional provision of Rs.4,500/- was made under Enhancement of Rent and contributions, so also a sum of Rs.736/- for Midwives Estt. in the Estimates for 44-45. The provision of Rs.1,000/- made in the Estimate for 44-45 under Chowkie at Beli Katt Road, was deleted.

The provision in Estimates for 44-45 under Extra grants to Pandits and Hakims was increased by Rs.1,500/- and the following resolution was adopted.

Resolved that the following Pandits & Hakims may be given an extra grant as noted hereunder:-

Mr. M. P. Pillay.	Rs.20/- P.M..
Mr. M. A. S. ~~Bugga~~ Gaffar	Rs.15/- P.M.
Fathima Begum.	Rs.20/- P.M.
Pandit Narasappa.	Rs.10/- P.M.
K. V. Papanna.	Rs.10/- P.M..
Venkatesappa.	Rs.10/- P.M.

The provision of Rs.2,465/- made in the Estimates for 44-45 under Lymph & Other charges was increased by another Rs.2,465/-

The provision of Rs.3,000/- made in the Estimates for 44-45 under Radio Maintenance was reduced to Rs.1,000/- and a separate provision for Rs.2,500/- was for Nagaswaram was made in the Estimate for 44-45.

The sum of Rs.1,53,000/- as against Rs.1,32,200/- was adopted in the Revised Estimate for 43-44 under "Excess Water Charges and a separate provision for Rs.1,00,000/- was made in the Estimates for 44-45 under WATER MAINS FOR CITY AND EXTENSIONS. The following resolution was also adopted in the same connection

"Resolved that a sum of Rs.1,00,000/- be provided for water mains for both City and Extensions.

The following additional provisions were also made in the Estimates for 44-45.

		Rs.
Market Show & Health Exhibition.	Plus	1,000.
Extensions & Improvement of burial & cremation grounds.	Plus	8,000/-
Physical culture.	Plus	1,000/-

In view of the resolution passed by the House to deduct 15% towards collection charges out of the amounts collected towards Education Cess, a sum of Rs.5,000/- was deducted from the provision of Rs.33,000/- made in the Estimates of 44-45 under "Contribution towards Elementary Education Fund"

Mr. A. P. Narayana Iyengar.- I want that the Hindi Pradhar Grant of Rs.500/- should be mentioned by names so that we may not talk about the distribution later. There are only three applications. At the end of the year 10 more applications may come.

The President said that if the House had no objection, that could be done.

Then, it was agreed by the House to divide the contributions to the four institutions in respect of which amounts were paid during last year.

The provision of Rs.120/- made in the Estimates for 44-45 under grant to Bathai Ramaswamy Chetty's Reading Room was increased by Rs.60/- and an additional provision of Rs.2,000/- was made in the estimates for 44-45 under Enhancement of Grants.

The President proposed that a monthly grant of Rs.15/- may be made to the following and this was approved by the House

Sharada Stree Samaj, Chamara pet.	Rs.180/- P.Annum
Basavanagudi Stree Samaj.	Rs.180/- "
St. Theresa Reading room.	Rs.180/- "

Proceedings of the Adjourned Budget Meeting of the City Municipal Council, Bangalore, held on Saturday, the 10th September 1944, at 3 P.M., in the Council Chambers of the City Municipal Offices, Bangalore.

At the outset, the President proposed the following:-

1. "That the provision under Octroi in the Budget Estimates of 44-45, be raised to Rs 6,00,000/-"

2. "That the following modifications be adopted in the Revised Estimates of 1943-44.

Deposits.	Rs	3,00,000/-	to	1,20,000/-
Advances.	Rs	30,000/-	to	17,000/-
Municipal Grain Depot.	Rs.	20,000/-	to	25,000/-
Sinking Fund.	Rs	93,000/-	to	80,000/-

96,000

NIL DEPOSIT for 44-45:-

Receipts & Expenditure under the above head be taken as Rs 1,00,000/- and Rs 93,000/- respectively.

Extra provision be made in the Budget estimates of 44-45 for the undermentioned items.

1. Lodging House for Students.	Rs 50,000/-
2. For Bathing Rooms supplying Hot & cold water.	Rs 25,000/-
3. Market frontage.	Rs. 50,000/-
4. Fish & Poultry Market.	Rs 30,000/-
5. Octroi Moti Improvements.	Rs 30,000/-
6. Closing Balance.	Rs 50,000/- & odd.

Mr. T.T. Sharma said that a seperate provision might be made for starting Dairy Farms and the President informed the Member that a provision of Rs 30,000/- made for starting Milk Centres might be set apart for both Milk Centre and Dairy Farms. Mr. Sharma agreed and the House also accepted the suggestion of the President.

Mr. T. R. Manish:- Is it not necessary that a seperate resolution should be passed. Regarding the provision made for housing the poor & Middle class people, the Government struck it off last year, on the ground that a scheme was not submitted. So far as the Milk Centre & Dairy Farm is concerned, I suggest that a detailed scheme might be sent to Government.

Mr. President:- When the Budget is sent to the Government,

Government, I shall take the scheme. We can now pass the Budget. I propose that the budget estimates for 44-45 be adopted with the above modifications.

Seconded by Mr. T. T. Sharma, the resolution tabled by the Chair was unanimously passed by the House.

Mr. President:- There is another proposition to be passed. The scale of pay of the English Reporter to this Council is only Rs 40-3-50 now and he has reached the grade. He is 21 years old in that grade, and getting Rs 50/-. The corresponding grade in the Secretariat is Rs 40-3-90-5-150 for Reporters and unless his scale is revised, he has to rot in the scale of 40-3-50, because there is no other hope.

I therefore propose that following:- "Resolved that the scale of pay of the English Reporter to the Municipal Council be fixed at Rs. 40-3-90.

The above resolution was unanimously passed by the House.

Mr. T. T. Sharma suggested that the scale of pay of the Kannada Reporter also should be fixed on the same basis, because there also it not be any distinction between them. The President informed the mover that only two months ago a resolution had been passed ~~thatxm~~ fixing the pay of the Kannada Reporter on Rs 50/- and that the resolution could not be modified within three months. That could be done anytime later.

The following resolution proposed by Mr. C. Chenniah was also passed by the House unanimously:-

Resolved that the grant to the Hindusthani School, be raised by Rs 5/-.

Then, the meeting terminated.

C R Narasimhan

Hon. President.

MUNICIPAL COMMISSIONER.

MLT.

The President presenting the Budget made the following speech:-. (For the speech please see separate copy).

Mr. W.H. Hanumanthappa thanking the President for his very clear and enlightening speech on the Budget said that it was clear from the figures of the Closing Balance that the amounts set apart for many works had not been spent. This attitude of a banker in not spending the amounts provided for, but saving them was not befitting such a corporate body as the Municipal Council. The Council had passed many resolutions and had made observed very frequently that the roads, drains, etc., should be attended to but nothing has been done. If the Executive had only acted in accordance with the resolutions of the Council, there would not have been such a huge balance. A number of acquisition schemes passed by the Council have been kept by without being acted upon. The Council had sanctioned the construction of a Slaughter House but no steps had been taken in this behalf. Even now, necessary provision may be made in the budget and the work started.

As regards the Housing Scheme, he observed that a decent sum should be set apart in the Budget for this purpose. It was but desirable that they should put up small houses and give them to the poor on hire purchase system. Provision for putting up shops in the upstairs of the Market, which was a very remunerative proposition may be made in the Budget. The allotment for layouts and extensions should be increased. He suggested the opening of vegetable depots by the Municipality, in the other markets of the City. As regards the lease of cartstands he said that tenders might be called for immediately and the right disposed of soon. He suggested the construction of a musafarkhana for the convenience of the outsiders.

As re. the figures under water supply, he said that though the Council had repeatedly urged for increasing the minimum free supply to 4,000 gallons, the Government had refused their requests. Now that the mains were woking properly there would not be any difficulty for Government to accede to their request and so they might make a provision of Rs.3,3000/-

Rs.33,000/- for meeting the extra cost in this behalf.

As regards the changes made in the Budget by Government, Mr. W.H. Hanumanthappa said that it was an interference with the powers of the Council since they were amending the figures without consulting them. So they should now resolve that the Government should change the figures only after consulting the Council. Further, the C. & M. Station Municipality was getting a contribution of a lakh of rupees from the Government of India for improvement works and similarly, the Government of Mysore should also make a contribution of a lakh of rupees for important improvement works. As regards the current charges levied on the Council, he said that while Binny Mills and other commercial concerns were getting current at a lower rate, the Council was being asked to pay a higher rate. He suggested that they may request the Government to take only what the Municipality was actually getting from this source.

Concluding his speech, Mr. W.H. Hanumanthappa observed that under Rule 14(a) of the Managing Committee Rules, the Office ought to give them a list of works proposed to be taken up during the last two years, the works completed and the works to be finished, so that they might know how they stood in this behalf. He observed that this could be done by the Office now at least.

Mr. A.J. Khaleel speaking next observed that it was regrettable that the Municipality instead of spending moneys in creating amenities to the people, had taken up the attitude of bankers and saved huge amounts. Though they had collected huge sums from the Public by way of taxes, etc., they had not made use of the money so collected for giving better amenities to the people. He regretted that even the dead were left uncared for inasmuch as no steps had been taken to extend the burial grounds already overcrowded by corpses. He spoke about the deterioration of the roads and drains and said that though they had given sufficiently large sums for the improvement of the same, the executive had not taken any steps in this direction. Some the Extensions have become so bad that they are unfit even for stabling animals. It is no doubt true

true that the prices of commodities have gone up in price but this should not be made the reason for not spending any money. If necessary they might even borrow to provide facilities to the public. When the Municipality had not cared to give any amenities to the people, she had no moral right to ask for the arrears. He finally said that in the discharge of their duties in creating amenities to the people, they should not mind the cost involved.

Mr.T.T. Sharma next observed that the habit of allowing arrears to accumulate was like a double edged sword, cutting both sides. On the one hand, the Municipality would not be in a position to give amenities to the public and on the other hand, the people would get into the habit of allowing taxes to fall into arrears. He therefore urged that the Executive should exert and see that the arrears are collected early.

As regards the resolutions passed in the Council, he said that the Executive ought to see that they are given effect to early and suggested that a list of the resolutions acted upon may be placed before the Council so that they might know how many resolutions have been passed and how many acted upon. As it is, there was inordinate delay in giving effect to the resolutions. Large sums of money have been allowed to lapse and only such money as was required to be kept in deposit under the Act should be kept in deposit and the other amount spent. In all other Municipalities they not only spend the amount set apart but also raise loans to provide amenities to the public. Roads and foot paths and drains have been completely neglected and the repairs should be undertaken under a definite programme.

As regards removal of rubbish, he said that though they had passed resolutions to municipalise the services nothing had been done. The removal was far from satisfactory. He suggested that a large number of dustbins may be placed for putting rubbish in all Divisions. He also opined that every division must be provided with a bathing ghat. The provision made for improving burial grounds was very little and should be enhanced.

Speaking about the housing difficulty felt by the poor, he said that the Municipality should take up this work and give relief to the people. They should put up cheap houses and give them on rent. He also suggested the construction of big building with a large number of rooms like chawls in Bombay and give them on rent to students. The Municipality should also put up sheds for sweepers and scavengers.

Continuing his speech, Mr. T.T. Sharma said that it was very necessary that in addition to the Municipality the public also should co-operate with them in keeping the City clean and sanitary. He suggested a regular scheme of propaganda by means of pamphlets, articles in papers, announcements by means of the loudspeaker arrangements etc., regarding the work they were doing and they intend doing so far as the sanitation and civic amenities of the City were concerned. They may also make a provision for this purpose in the Budget.

He next said that it was not possible for one reporter to cope up with the work of the Council. Further they had resolved to have the proceedings in Kannada in future. So he suggested that they should have at least two English and Two Kannada reporters for the Council. He suggested the starting of a Municipal Gazette as in Madras for educating the public in civic matters and wanted provision to be made for this.

As regards improving the burial grounds, he said that a lot remained to be done in this behalf. Though the Municipality had attempted to solve the fuel problem to some extent, the result was not very satisfactory. This fuel problem would ever remain a menace to the City and so he suggested that they might introduce gas as in Bombay which is being supplied by the Corporation there.

Mr. G. Ramjappa speaking next observed that the President's speech was so fine and enlightening that it should be given proper publicity amongst the people so that they might know the real state of affairs. The Council had made sufficient provision for giving amenities to the people but the Executive had allowed the provisions under the several heads to lapse. This was the case

same case last year also when they allowed most of the provisions to lapse. If only all the moneys had been spent they could have approached Government, with assurance for a liberal contribution. Now the huge balance on hand would certainly make - Government to give refusal to their request. Further, whenever Budgets are placed before the Council the Executive have not only to show the sources of expenditure, but more important than that, they should point out ways of augmenting the income of the - Municipality. This has not been done in the present case. Nor have they shown any worthwhile expenditure. Except the huge salaries of the Executive and the subordinates, no deserving item of expenditure has been pointed out. The sum they are spending on metals and road repairs was a sheer waste inasmuch as the road continue to be in very bad condition.

Speaking next on the ways of increasing the revenues, he said that they could augment their resources, by having new sources of income and secondly by curtailing unnecessary expenditure. For increasing the revenues, he suggested that they should levy - advertisement tax and also make a monopoly of all the advertisements so that all that money that is going to private people may come to the coffers of the Municipality. This would give about a lakh of rupees revenue to the Municipality.

Secondly, the Government was taking away all the conversion fine levied on lands converted into building sites within City limits. They should request Government to hand over all the fine to the municipality since it is the Municipality that will have to provide amenities like light, water etc., to those lands.

Thirdly, the Government was making 60 to 70 lakhs of rupees from the City by way of excise, Registration etc., and the Municipality should request them to give a portion of the same to them.

Fourthly, the water rate claimed by the Government now was very heavy. Being their largest consumers, the Municipality had a right to request them to reduce the rate.

Fifthly, the current charges recovered from them was far higher

higher than the rate they were levying on Binny and other commercial concerns. Such a sort of invidious distinction was not proper and the Government should reduce the rate to be at par with the rate they levy on Binny Mills etc.

Sixthly, the Municipality was paying yearly a sum of Rs.13,500/- for the maintenance of the E.B. Hospital. This was a proper - charge on Government funds and the amount now so given may be released for Langarkhana doles.

He next spoke about the several provisions made in the Budget and said that the P.C. Department was not fully manned. It should be given more hands and better work extracted from them. The - entire income from this Department may be spent for improving the same Department.

As regards the clearance of slum areas, he said that there were more than 30 places deserving their immediate attention. He suggested that these places may be acquired, sites formed by the Municipality and leased out to people on reasonable rent and the Municipality could then give them light, water etc. Speaking about the jutkas plying in the City, he said that they were neither comfortable nor easy moving. He suggested that Shahpasands as in Ajmere may be introduced.

He suggested the introduction of tramways in the City and wanted four lakhs of rupees to be set apart for creating amenities to the sweepers and scavengers. The opening of a workshop for repairing tools and plants etc., would greatly minimise their expenditure in this direction. Health propaganda should be revived and sufficient provision should be made for this in the Budget. Just as the proposals of the Health Officer to make the sweepers and scavengers permanent, the Municipal Engineer should also submit before the next meeting proposals for making his gang permanent.

He next referred to the salary of the Commissioner and said that the Municipality was bearing the entire cost. This was not correct. Even in the India Government, the salary of the Secretary of State for India will be charged to British funds. So they must

must make a request to Government to bear the cost and they would be within the Act in doing so.

Then the President introduced the new Municipal Engineer Mr. R. Madhavan to the House and welcomed him to the Municipality on behalf of the Councillors.

Then the House rose for lunch and when they resumed after lunch, Messrs. H.C. Suryanarayana Rao, T.T. Sharma, B.N. Gupta, T.N. Ramaswami, M.A. Gopalaswamy Iyengar, M.K. Narayana Iyengar, V.M. Hanumanthappa and Mrs. Dhruba Bai Gadambi all walked out Mr. H.C.Suryanarayana Rao stating that this was as a protest against the Commissioner not being present in the meeting. - Since there was no quorum, the President and the Vice President only being present, the meeting was adjourned for want of - quorum.

Honorary President

Before taking up the Budget, Mr. G. Nanjappa observed, with the permission of the House, that the fuel scare was once again staring the public in the face, that there was a panic in the public about this and that immediate action should be taken to relieve the public of this. There was a good stock of fuel but the trouble was to get it to the depots. He said that they may introduce carts for getting fuel as the lorries could not be spared, for this work.

Mr. H. C. Suryanarayana Rao speaking next said that the supply of fuel was not adequate and there was a lot of trouble for fuel. The case of charcoal was still worse. Many of the depots were denied the privilege of selling charcoal. Things which could be worked up by the Municipality should be undertaken by them and if they felt that some schemes were unworkable by them, they should not undertake the same.

The Commissioner informed the House that formerly they were getting fuel from Doddaballapur side in their own lorries but since this was found to be impracticable, he had written to Mr. Wachia, the Special Officer, who promised to send fuel in Government lorries at the rate of two lorries per depot. He accordingly made a reference to his subordinates but for some reason or other, it was not acted upon and the Commissioner was given to understand that such supplies would be made after giving to the Government Depots, first. On this he directed the Personal Assistant to see the Special Officer who agreed to release 10 lorry loads from the Central Reserve everyday. So all possible efforts had been made to relieve the situation.

Then, the budget was taken up.

Mr. M. K. Narayana Iyengar speaking next said that a sum of Rs.24,000/- and odd was shown as arrears under Profession Tax and wanted to know if all the Municipal Officers who had to pay the tax had paid the same. The President informed the Member that the information would be furnished later.

Mr. Ramalal Thiwari next observed that they had provided

provided a certain sum of money in the last year's budget for acquisition of Shamanna's Bungalow in the 3rd division and though it was sanctioned by Government, it had not been - pushed through. While new schemes were being worked up, such old schemes were shelved. He therefore urged that a sum of Rs.50,000/- may be set apart in the Budget for improving 3rd division.

Mr. H. C. Suryanarayana Rao next observed that the method of preparing the Budget in this Municipality was peculiar. A sum of 6 lakhs had been paid by the public as deposits towards layouts, which the Municipality was bound to refund, but this was not shown separately anywhere in the Budget. This ought to have been done, since under the present procedure, they are sure to spend this amount for some other purpose also.

As regards realisations under Octroi, he observed that on account of high prices now, the income had increased to that extent but this should not be taken as the data for adjusting expenditure.

Regarding revision of assessment he said that there has been a great loss on account of delay in giving effect to it and that it should be taken up immediately. There were many houses which had come up newly but which had not been assessed as yet and all such buildings should be assessed immediately. There was no improvement in Profession Tax recovery though they had deputed an Official to Madras for training in this behalf. As regards the adjustment of Entertainment Tax due from Government he said that it was better if the accounts were subjected to Municipal Audit and the same procedure should be followed in all cases where amounts were due from Government. As regards sale of license and other forms, the Municipality was collecting six pies per form and it was not known why a separate head was not shown in the Receipts side of the Budget for this.

As regards water tax, he observed that many people were getting sub number to their houses with a view to have the benefi

benefit of the minimum supply of 3000 gallons and that this was greatly affecting the finances of the Municipality. He suggested that a committee may be constituted to go into this and find out ways and means of improving the situation.

He further observed that the menials had not been provided with clothes last year and that this should be done now at least. Arrangements may be made to get the door numbers and the street name boards painted and necessary provision be made in the Budget for the purpose. Caution boards should be put up near the School zones restricting the speed limit of fast moving vehicles. Shelter is not provided in the Bus stand for passengers from rain and the income from the stand was also much below the expectation. This must be looked into.

Mr. H. C. Suryanarayana Rao finally said that they should have a permanent list of all properties, movable as well as immovable, belonging to the Municipality for ready reference.

Mr. P. R. Pamish speaking next said that the members knowing full well the needs of the rate payers had moved some resolutions and had made provision in the Budget for the purpose and the Executive should see that the amounts so provided for are spent without being allowed to lapse. It was seen from the Budget that no provision has been made for clearness of slum areas and they are in the same condition as they were in the beginning. The Council had passed several resolutions for improving the slum areas but they were all kept aside for want of funds.

As regards the housing the poor scheme, a sum of Rs.75,000/- has been provided but the Government will delete the amount if no details of the scheme are given. So this should be done. He suggested that the Municipality may put up model houses and rent them to the poor on nominal rents, as the system of granting sites to the poor was not benefitial. A sum of Rs.one lakh may be set apart for this purpose in the Budget, as also for providing accomodation to the students. A sum of one lakh may be provided for construction of bathing ghats.

Mr. A. J. Khaleel said that the amount given to the Engineering Department was not spent fully and that this should not be allowed to repeat this year.

Mr. K. N. Ramaswamy also spoke about the huge amount under closing balance.

Mr. B. N. Gupta speaking next said that out of the 9 lakhs and odd of closing balance, a sum of nearly 3 lakhs has been realised in excess of the expectations in the Octroi revenues and one lakh more under Public Debt. These two unexpected revenues could be expected to be spent as they were not expected at the time of framing the Budget. Thus a sum of four lakhs nearly has been realised unexpectly.

On the expenditure side, a sum of two lakhs wa provided for B. V. Krishna Iyengar Road was not spent as the matter was not yet fully and completely decided by the Council. A good sum provided for layouts also remained unspent for reasons not within the province of the Executive. Thus a sum of nearly 7 lakhs remained unspent out of 9 lakhs and this was not due to any latches on the part of the Executive. As regards the balance of 2 and odd lakhs, many

many of the items budgetted for could not be taken up and spent for want of timely sanction from the Council.

As regards the expenditure side, he said that most of the money provided for in the budget was being spent by the Water Supply Light and Underground Drainage Departments. The Municipality was simply passing their bills without actually finding out whether the expenditure was proper or not. He quoted certain instances of underground drainage estimates and water supply estimates and said that in these cases the Municipality was criminally lavish. It was better the Municipal Council bestowed some more attention to these matters and see that the expenditure is proper and legitimate. They have been simply talking of schemes and doing things but when it came to actualities, they would find that there has been no progress. The Intensive cleaning they were having every week but the rest of the days in the week, the cleaning will not be so satisfactory Such things should not be allowed. Slum areas must be tackled and every attempt made to improve them, instead of touching up places where the high move about. The Council has sanctioned establishment for the upkeep of the gardens but the gardens are to be improved. They must have an auditor to audit the accounts of the old materials whenever new materials are given to other Departments like, Water Supply, underground drainage etc.,

Mr. K. N. Ramaswamy next observed that the non-execution of Engineering works, etc., was due to slackness in payment of bills. If the bills are paid promptly, the contractors also would be very enthusiastic in completing their works. The Executive should give full co-operation to the Council and see that they all work for the common good of the rate-payers.

Next, the Council would frame its Budget with a good deal of scrutiny and care but when it goes to Government, they would delete many items of expenditure with a stroke of their pen. Such things ought not to be allowed, and the Government should not alter the Budget without their approval. He next spoke about the delay in framing the Budget and said that it should be avoided in future.

Speaking next about the difficulties felt by the students in getting accommodation, he said that it was very necessary to make a provision for the purpose of putting up a hostel for the students The sum of one lakh suggested for this purpose was too small a figure.

Mr. K.M. Naganna observed next that there was a considerable delay in framing the Budget and placing it before the Managing Committee and the Council. This should be avoided in future. Delay in sending the approved Budget would result in delay in getting it sanctioned by Govt with the result, most of their works would be upset, and many of the provisions would lapse for want of time to spend the same.

As regards the Closing Balance of over 9 lakhs, he sai d that this was due to upexpected income under Octroi and Public Debt and Savings due to non.sanction or delay in sanction for executing the works. He said that a sum of two lakhs under B.V. Krishna Iyengar Road, a sum of one lakh under layouts, etc., could not be spent for want of final sanction to the works being carried out. It was not right to hold anybody responsible for these savings.

As regards Engineering Department provision, he said that the works could not be got done as the tenders were sanctioned very late by the Council and the Contractors also refused to do the works at the tender rates, due to fluctuations in prices.

Coming to the Budget details, he said that the provision of Rs.30,000/- for water subvention, omitted in the budget, should be included and they should approach Government again to reconsider their opinion in the matter. He said that a sum of Rs.60,000/- may be shown on the receipt side under Sub Vention from Government, being the arrears of 1943-44 and the grant for 1944-45.

12. A. K. Jayamuthuraju.
13. Mirza M. Azeezulla Beig

Mr. K.M. Naganna next brought to the notice of the Office that no provision had been made in the Budget for improving the Water Supply to the City. Much difficulty was being felt in many places for water and it was very necessary that they should provide at least a lakh of rupees for this purpose. He next referred to the sanitation of the City and said that considering the rapid growth of the City it was but right that the number of sweepers and scavengers should be increased and that they make necessary provision for this. The President informed the Member that this question was being investigated separately and that the matter was under completion and would be placed before them.

Mr. K.M. Naganna continuing his speech said that the Office was both undermanned and poor paid. While in other Departments, the staff had chances of promotion, here they were forced to stagnate after reaching a certain grade. Hence the officials were trying to get away from the Municipality with the result the Municipality would lose the services of efficient hands. He therefore suggested that the grades in this Municipality should be revised to be at par with the grades in the Revenue Department.

He finally requested the Executive to put forth their best efforts and see that all the monies provided in the Budget are spent for the purposes for which they were set apart, and thus give the rate-payers all the amenities.

Mr. M.K. Narayana Iengar next observed that the Budget as present was far from satisfactory. No attempts had been made to show any methods by which the incomes of the Munipality could be increased. A Special Committee had been appointed to go into the question of augmenting the resources of this Municipality and the Managing Committee ought to have taken suggestions from its report. The Budget should be framed in such a way as not to permit of any changes at the hands of the Government. If only proper sanctions are taken for all items provided for in the Budget, the Government would not have any grounds for deleting any provisions So all resolutions passed in the Council may be sent to Government, immediately and their approval obtained, before sending the resolutions to Government.

Coming to the Underground Drainage Department, he said that this Municipality had no control over the Department. As regards the Water Supply charges, he observed that while the Municipality was liable to pay 5 and odd lakhs to the Department, they were realising only 4 and odd lakhs and the difference had to be paid out of other heads.

Coming to the details of the Budget, the Member said that when they were getting an increased sum, it was but right that the Municipality should spend more in creating amenities to the people. The mere fact that the sanction of Government was got late, would be no reason for not executing the works. When the Council was willing to offer its fullest support and co-operation, the Executive should go on with their programmes.

Continuing his speech, he said that if the actuals of the last year were taken into consideration, the Closing Balance would go up very high, higher than the 9 lakhs now given. If the Executive had only taken up works in anticipation of Government sanction, they could have spent the provisions under the several heads.

Coming to Maternity Homes, he said that the state of affairs there were far from satisfactory. They had no proper apparatus and medicines and so they should make necessary provision in the Budget for improving the Homes.

At this stage, the Commissioner read out his Notes on the Budget for the information of the House (For his Notes, vide separate sheets).

Then the meeting terminated.

Sd/- C.N. Narasinga Rau,
Hon. President.

OO 34/44

Proceedings of the Budget Meeting of the City Municipal Council, held on Thursday the 14th September 1944, at 4 P.M. in the Council Chambers of the City Municipal Offices, B'lore

Discussions on the Budget Estimates for 1944-45 was continued. The Budget Estimate was adopted, with the following modifications, item war being discussed and taken.

Under A. Municipal Rates and Taxes, the following modifications were proposed by the President and approved by the Council.

	Revised estimate for 1943-44.	
Octroi	6,57,000	
Taxes on buildings and lands	2,24,000	
Profession Tax	25,900	
Tolls	72,400	
WaterTax	2,17,800	
Lighting Tax	44,800	
Sanitary Tax (including scavenging and latrine rates)	89,600	and added under
Motor Service Tax	~~30,000~~	Deleted in the Budget Estimate for 44-45.

Mr. President:- Regarding the Motor Service Tax, it has not been included at all, because we have been corresponding with the Government to give that amount and they have not given for the past three years. We have to omit that figure from 43-44 and add it as arrears for 44-45. Therefore a sum of Rs.82,500/- should be added on to the sum of Rs.30,000/- provided under the Receipts of the Budget Estimates for 44-45 under this head as arrears. I suggest that a resolution that this arrears of Rs.82,500/- may be called for immediately, may be passed.

Mr. K.L. Naganna next moved that "the arrears of Motor Service Tax amounting to Rs.82,500/- due by Government may be requested to be paid by Government immediately." Seconded by Mr V.V. Hanumanthappa, the resolution was unanimously passed by the House.

Mr. President:- Regarding Mileage Cess, we have actually realized Rs.1,300/- out of Rs.5,000/- and the balance has therefore to be taken under Budget Estimate for 44-45

Mr. K.L. Naganna wanted to know whether there was such a balance pending in ~~fxxixxx~~ 42-43 and as to why the amount was not sent by Government in full as in previous years. The President informed the Member that he was informed by the Office that the amounts were not adjusted by the Comptroller. Mr. K.L. Naganna said that if there was an usual delay, he had no objection in taking that amount under the Budget Estimates, as amounts to be collected by the Government, because according to his information the mileage cess collected by the Government in 43-44 was less than the previous years and if that was so, naturally the income derived under this head would be less.

Then the House resolved that the amount of Rs 5,000/- in the Revised Estimate column under this head ~~xxx~~ altered to Rs.1,300/- and the balance of Rs.4,000/- was added on in the Budget Estimate for 44-45.

ENTERTAINMENT TAX:- Mr K.L. Naganna proposed that the amount under Entertainment Tax in the Budget Estimate for 44-45 be raised by Rs.20,000/- and this was unanimously passed by the house, seconded by Mr. C Chenniah.

EXCISE SURCHARGE FEES - The amount of Rs.20,000/- in the Re-

Revised Estimate was altered to Rs.24,000/- with the approval of the House, so also under C2. Sale of Lands, from Rs.1,50,000/- to Rs.1,17,300/- in the Revised Estimate for 43-44 as per actuals. under sale of lands proceeds to 1,11,300/- it was resolved that the figures in 43 be revised

Mr. W.H. Hanumanthappa:- There was a resolution in this Council to Municipalise cart stands and if that was done a sum of Rs.60,000/- was expected to be realized under this head. The Speaker therefore proposed that amount of Rs.5,000/- under this head in the Budget Estimate for 44-45 might be changed to Rs.60,000/-.

Mr. President:- It will take some time. We will have separate resolution for providing cart stand under Expenditure to acquire and make all these things. We will provide a sum of Rs.20,000 and get income out of it.

In view of the suggestion made by the President, Mr. W.H. Hanumanthappa did not press for his proposition.

The President proposed that the amount of Rs.1,00,000/- provided for Underground Drainage Works in the Budget Estimates for 44-45 be changed to Rs.64,000/- as that was the amount provided for by the Government in the State Budget and that the sum of Rs.1,85,000/- in the Revised Estimate for 43-44 be changed to Rs.1,21,000/- contributed by the Government This was approved by the Council.

E. Miscellaneous:- Education Cess:- Rs.32,800/- was adopted by the House in the Revised Estimate for 43-44 as against Rs.20,000/- based on the actual payment.

Mr. K.M. Nagenna proposed that in regard to the Education Cess, the Government may be requested to give a deduction of 15% on the amount collected towards collection charges, as the Government is collecting in respect of collection of Entertainment Tax from the Municipality.

Seconded by Mr. W.H. Hanumanthappa, the above resolution was passed by the House unanimously.

F. Public Debt:- ADVANCES:- Both in the Revised Estimate for 43-44 and in the Estimates for 44-45, Rs.5,000/- was adopted by the House against Rs.30,000/- provided.

E X P E N D I T U R E

As proposed by the President, a sum of Rs.500/- was provided under A2. Head Office Establishment, to meet the salary of the Kannada Reporter, as resolved by the Council, in the Estimate for 44-45.

Mr. K.V. Nagenna - We had asked the Commissioner to put up a proposal to-day before the Council regarding the re-organisation and revision of scale of pay of the employees and I do not know why he has not placed before us.

Mr. President:- We shall first finish up the items and take it afterwards. As some Members pressed that it should be taken for consideration now only, the Commissioner's Note was taken up.

Then, the President proposed the following:- "That a sum of Rs.13,000/- be added under General Administration towards the revision of the scales of the existing staff and extra staff as per the recommendation of the Commissioner. The Council accepts the proposals of the Municipal Commissioner dated 13-9-1944 - regarding the re-organization and revision".

"Further resolved that so far as the existing staff is concerned, the revision of scales of pay be given effect to from 1st July 1944.

Seconded by Mr. K.M. Naganna, the above resolutions were unanimously passed by the House.

Mr. President:- I would suggest in this, that the Council Clerk may be given as Special, 60-4-80. We have provided four places on 60-4-80 and one place may be given to the Council Clerk.

Mr. Commissioner:- There is no Council Clerk. He is one of the Senior Clerks and he is invariably posted to the Council. We cannot designate now, because when an allocation statement is prepared, the pay is fixed.

Mr. President:- I would suggest that specifically the Council Clerk is given Rs.60-4-80.

The President next moved that "the number of clerks in Head Office on 60-4-80 be fixed at four, one of them being Council Clerk, (2) that one more Steno-typist be entertained to the Hon. President's Office on a pay of Rs.50/- in grade Rs.50-2-60.

Seconded by Mr. K.M. Naganna and supported by Mr W.H. Hanumanthappa, the above resolutions were unanimously adopted by the House.

Mr. K.M. Naganna said that only capable and efficient hands were required to cope up with the Council work and as such it was necessary to post an Official on Rs.60-4-80 as Council Clerk. The following resolution tabled by Mr. K.M. Naganna was unanimously approved by the House, seconded by Mr W.H. Hanumanthappa.

"Resolved that further the scale of pay of the Council Clerk be fixed at Rs.60-4-80 and the Present Council Clerk be given that grade from 1-7-1944."

Mr. President - A subject has been placed before the Municipal Council and it is deferred for consideration. The Commissioner says there is the memo that the Personal Assistant to the Municipal Commissioner should be an Officer of the Status of an Assistant Commissioner, instead of an Amildar.

Mr. Commissioner:- In the Municipal Office at Mysore, there is an Office Superintendent on 90-5-120 to manage the Office. In the Premier City Municipality of Bangalore, there is no Office Superintendent, but instead, there is a Personal Assistant. One Officer in the grade of an Assistant Commissioner may be appointed as Personal Assistant and the same Officer may be Land Acquisition Officer and the post of an Office Superintendent may be created to manage the Office.

The consideration of the subject was deferred.

A sum of Rs.6,400/- as against Rs.8,000/- in the Revised Estimate for 43-44 under A2.F. Clothing Charges was adopted. Under A2. Octroi Establishment, an additional provision of Rs.300/- was made in the Estimates for 44-45 towards pay of t the Railway Clerk

Mr. President:- Revision of taxes, we have got Rs.4,000/- and we may increase it by Rs.1,500/- more in view of the fact that the Council may resolve later to employ Two Assessors to expedite the work. Then the following resolution was passed.

"That an extra sum of Rs.1,500/- be provided in the Estimates for 44-45, under Revision of Taxes, to meet the pay of Two Assessors "

A sum of Rs.16,000/- as against Rs.20,000/- under Refunds and Rs.21,000/- as against Rs.15,000/- under Pensions and Gratuities including Pensionary contribution in the Revised Estimates for 43-44, was adopted.

B. Public Safety:- Under Street Lighting Charges Rs.68,000/- was adopted as against Rs.62,500/- in the revised Estimates for 43-44. Then the following alterations were made unanimously.

C. City Improvement Works:- The provision of Rs.5,000/- made in the Revised Estimate for 43-44, towards contribution for widening the Kermanoundi Road, was deleted. The provision made for Underground Drainage Works was reduced from Rs.3,85,000/- to Rs.3,31,000/- in the Revised Estimates for 43-44 and the provision of Rs.2,00,000/- made in the Estimates of 44-45, was reduced to Rs.1,64,000/-.

Under Minor City Improvement Works, the provision of Rs.40,000/- made in the Revised Estimates of 43-44 was reduced to Rs.30,000/-.

Mr. K.M. Nagenna suggested that the provision of Rs.50,000/- made in the Estimates for 44-45 for putting upstairs to the City Market on the Front, should be raised and the President proposed that an additional provision of Rs.50,000/- may be made under this Head. This was agreed to by the House, if the closing balance allowed it.

Mr. K.N. Ramaswamy:- I propose that a sum of Rs.50,000/- be provided for constructing ~~Hostels~~ to the Students in various parts of the City, as per Council resolution.

Mr. P. V. Ramachandra Gupta seconded the above.

Mr. President:- Our rate-payers are starving I think our need is for the rate payers first and then the Students. I do not say that you should not do it. First provide for the Housing scheme, a sum of Rs.75,000/- as noted in the Budget and then we shall about your proposition later.

Mr. K.N. Ramaswamy:- I do not mind it Let this Council say that they are not going to provide for the Students' hostels. If you ask me to sit down, I shall sit down.

Mr. President:- I am not going to ask you to sit down. If you have got little patience instead of taking the risk, make it certain by waiting for 10 minutes more.

Mr. Commissioner.- With regard to the Housing scheme, you will be helping directly or indirectly the Municipal work if you provide quarters for the Officers. The area behind the Municipal Offices may be acquired for putting up quarters and rents may be recovered from the Officers as is being done by the Government. If you agree, we shall attend to the work.

Mr. K.M. Nagenna:- If the quarters are constructed for the Commissioners, naturally people other than Commissioners cannot occupy the quarters. Almost all the Commissioners will have their own houses in Bangalore and they prefer to occupy their houses in which case, the bungalow falls vacant. It is therefore not desirable to do it.

Mr. W.H. Hanumanthappa next proposed that the provision made for construction of a Kalyani should be raised by Rs.10,000/- more. The President suggested that an additional provision of Rs.5,000/- was enough and this was accepted by Mr. W.H. Hanumanthappa and approved by the House and accepted by the House (in the Estimates of 44-45).

As proposed by the President, an additional provisionof Rs.50,000/- was made under D, Municipal Engineering works. I. Original Works, and Rs.80,000/- under Repairs - Works, in the Estimates of 44-45. Similarly the provision of Rs.10,000/- made in the Estimates of 44-45 ~~under Maintenance of Roads~~ Steam Road Rollers, was increased by Rs 5000/- more

COMPENSATION - General:- Mr. W. H. Hanumanthappa:-Though the the City Improvement Committee has passed a number of resolutions to improve the old City, but hitherto not even one has been carried out. We pass resolutions every week, but where are the funds? The amount now provided under this head will be paid for awards passed by the Courts to meet the decree amount.

Mr. President - I give an assurance that the Trust Board will take the question of conservancy lane also.

Mr. W. H. Hanumanthappa.- We are in a dilema stage now. So far as the court decrees are concerned, it is our experience...

Mr. President.- Out of the grants you have made, we will be able to meet every one of the acquisition, we will be able to do within this year. It is not a question of providing money.

Mr. W. H. Hanumanthappa - The compensation may be retained for a specific purpose, i.e., improvement of the old city.

Mr. President:- We shall try.

Mr. W. H. Hanumanthappa.- We must know our position. The Commissioner will pay the court decrees from the compensation.

Then, it was agreed by the House to keep the compensation of Rs.1,00,000/- reserved in regard to acquisitions in the old City, as far as possible.

A sum of Rs.70,000/- as against Rs.80,000/- was adopted in the Revised Estimates for 43-44, under compensation - General and an additional provision of Rs.2,000/- was made in the Estimates of 44-45 under TOOLS & PLANTS.

An additional provision of Rs.2,300/- to meet the pay of two Asst. Health Officers and Rs.150/- to meet the pay of a peon to the Food Analyst, was made in the Estimates of 44-45, and the following resolution was also passed.

"Resolved that a peon on Rs.11/- be given to the Food Analyst".

The provision of Rs.20,000/- made in the Revised Estimate of 43-44 under Temporary Anti-malaria and Culex Establishment was increased by Rs.3,000/-

Mr. W. H. Hanumanthappa.- Under whom the Mobile Police is working?

Mr. President - Under the Health Officer.

Mr. W. H. Hanumanthappa - Who sanctions the prosecutions?

Mr. President - Municipal Commissioner.

Mr. W. H. Hanumanthappa - It must go to the Health Officer. He must know what it is.

Mr. W. H. Hanumanthappa.- ~~It must go to the H-~~ next moved the following resolution and seconded by Mr. H.B. Shankarappa, it was unanimously passed.

Resolved that an extra provision of Rs.900/- be made under "Establishment of Mobile Police" and that before prosecutions are launched, the papers must go through the Health Officer".

Mr. President.- A lumpsum grant of Rs.15,000/- may be made for additional sweepers & scavengers, 50 sweepers and 50 scavangers.

Mr. K. M.Naganna.- At least we require 200 persons - extra, 100 sweepers and 100 scavengers. To compensate this, I have no objection to your making a reduction in the provision made for putting upstairs to the Market on the front. The provision of Rs.50,000/- made for putting upstairs may be retained.

The Commissioner said that when the proposal of the Health Officer to entertain 50 sweepers and 50 scavangers in addition, was placed before the Managing Committee, he suggested to entertain at least 100 sweepers and 100 scavangers because without this additional establishment, the above number might not be sufficient.

Mr. K. M. Naganna.- I entirely agree with the Commissioner. There is one lakh of rupees provided for putting upstairs to the market. You can bring down that figure.

Mr. Ramalal Thiwari agreed with the suggestion made by the President.

Then, it was agreed to provide an additional sum of Rs.30,000/- for the entertainment of 100 sweepers and 100 scavangers, and retain the sum of Rs.50,000/- in the Estimates for 44-45 for putting upstairs to the Market.

The provision made in the Estimate for 44-45 for cart-hire for silt-cartmen was increased by Rs.15,000/-

A sum of Rs.3,500 was provided in the Estimates of 44-45 under other Charges, Purchase of Cart, dust-bins, etc..

The sum of Rs.20,000 provided for in the Revised Estimates for 43-44 was reduced by 14,000/- while the provision of Rs.50,000/- made in the Estimates of 44-45 was reduced to Rs.30,000 by Rs.20,000, under Purchase of Lorries.

The sum of Rs 4,000/- as against Rs.5,000/- in the Revised Estimate for 43-44 under Purchase of dust-bins and Rs.330/- as against Rs.4,000/- under purchase of brooms tools, etc., was adopted.

Rs.5,300/- was provided instead of Rs 12,000/- in the revised estimate for 43-44 under Preparation of Emulsion, while Rs.2,300/- as against Rs.4,300/- in the revised estimate under Other Epidemics. An additional provision of Rs.10,000/- was made under Cyano Gas Gang, in the Estimate for 44-45.

An additional provision of Rs.4,500/- was made under Enhancement of Rent and contributions, so also a sum of Rs.736/- for Midwives Estt. in the Estimates for 44-45. The provision of Rs.1,000/- made in the Estimate for 44-45 under Creche at Deli Gutt Road, was deleted.

The provision in Estimates for 44-45 under Extra grants to Pandits and Hakims was increased by Rs 1,500/- and the following resolution was adopted.

Resolved that the following Pandits & Hakims may be given an extra grant as noted hereunder:-

Mr. M. P. Pillay.	Rs.20/- P.M..
Mr. M. S. Saggar Gaffar	Rs.15/- P.M.
Fathima Begum.	Rs.20/- P.M.
Pandit Narasappa.	Rs.10/- P.M.
K. V. Papanna.	Rs.10/- P.M.
Venkatasubbappa.	Rs.10/- P.M.

The provision of Rs.2,465/- made in the Estimates for 44-45 under Lymph & Other charges was increased by another Rs.2,465/-

The provision of Rs.3,000/- made in the Estimates for 44-45 under Radio Maintenance was reduced to Rs.1,000/- and a separate provision for Rs.2,500/- w for Nagaswaran was made in the Estimate for 44-45.

The sum of Rs.1,53,000/- as against Rs.1,32,200/- was adopted in the Revised Estimate for 43-44 under "Excess Water Charges and a separate provision for Rs.1,00,000/- was made in the Estimates for 44-45 under WATER MAINS FOR CITY AND EXTENSIONS. The following resolution was also adopted in the same connection:

"Resolved that a sum of Rs.1,00,000/- be provided for water mains for both City and Extensions.

The following additional provisions were also made in the Estimates for 44-45.

		Rs.
Market Show & Health Exhibition.	Plus	1,000.
Extensions & Improvement of burial & cremation grounds.	Plus	8,000/-
Physical culture.	Plus	1,000/-

In view of the resolution passed by the House to deduct 15% towards collection charges out of the amounts collected towards Education Cess, a sum of Rs.5,000/- was deducted from the provision of Rs.33,000/- made in the Estimates of 44-45 under "Contribution towards Elementary Education Fund"

Mr. M. F. Narayana Iyengar - I want that the Hindi Pradhar Grant of Rs.500/- should be mentioned by names so that we may not talk about the distribution later. There are only three applications. At the end of the year 10 more applications may come.

The President said that if the House had no objection, that could be done.

Then, it was agreed by the House to divide the contributions to the four institutions in respect of which amounts were paid during last year.

The provision of Rs 120/- made in the Estimates for 44-45 under grant to Bathai Ramaswamy Chetty's Reading Room was increased by Rs.60/- and an additional provision of Rs.2,000/- was made in the estimates for 44-45 under Enhancement of Grants.

The President proposed that a monthly grant of Rs.15/- may be made to the following and this was approved by the House

Sharada Stree Samaj, Chamarajpet.	Rs.180/- P.Annum
Basavanagudi Stree Samaj.	Rs.180/- "
Joseph's Church Area Theresa Reading Room.	Rs.180/- "

An additional provision of Rs.2,800/- was made in the Estimates of 44-45 under Langarkhana Money doles and the provision of Rs.300/- provided under Grants to Adikarnataka Hostel in the estimates of 44-45 was increased by Rs.150/-

The following resolution tabled by the President was also adopted:

"This Council resolves that two Propogandists may be employed for purpose of health propogaida."

The provision of Rs.250/- made in the Estimates of 44-45 under S. P.K. A. Bangalore, was increased by another Rs.250/- and a fresh provision of Rs.360/- was made in the estimates of 44-45 for Rescue Homes.

Mr. A. J. Khaleel moved the following resolution - "Resolved that a sum of Rs.20,000/- be allotted to start public bath rooms where hot and cold water will be available at small cost with one or two rooms to retire for a while after bath.

The President informed the Member that he could move it later if on a scrutiny of the figures, it was found that monies were available. Mr. A. J. Khaleel agreed and did not press for it.

Mr. C. Channiah requested that the grant of Rs.10/- to Hindusthani School might be increased to Rs.15/- per month.

The House resolved to retain all the other items as in the draft, except as resolved above.

Then, the Meeting terminated, being adjourned to the 16th instant to consider Mr. K. H. Ramaswamy's and Mr. A. J. Khaleel's propositions.

Honorary President.

No.35/44.

Minutes of Proceedings of the Adjourned Meeting of the City Municipal Council, held on Saturday, the 16th September 1944 at ~~4-30~~ 3 P.M., in the Council Hall of the City Municipal Offices, Bangalore.

35(m)

Proceedings of the Adjourned Budget Meeting of the City Municipal Council, Bangalore, held on Saturday, the 16th September 1944, at 3 P.M., in the Council Chambers of the City Municipal Offices, Bangalore.

At the outset, the President proposed the following:-

1. "That the provision under Octroi in the Budget Estimates of 44-45, be raised to Rs. 6,00,000/-"

2. "That the following modifications be adopted in the Revised Estimates of 1943-44.

Deposits.	Rs	3,00,000/-	to	1,20,000/-
Advances.	Rs	30,000/-	to	17,000/-
Municipal Grain Depot.	Rs	20,000/-	to	23,000/-
Sinking Fund.	Rs	93,000/-	to	80,000/-

Fuel Depot for 44-45:-

Receipts & Expenditure under the above head be taken as Rs. 1,00,000/- and Rs. 95,000/- respectively.

Extra provision be made in the Budget Estimates of 44-45 for the undermentioned items.

1. Lodging House for Students.	Rs 50,000/-
2. For Bathing Rooms supplying Hot & cold water.	Rs 25,000/-
3. Market frontage.	Rs. 50,000/-
4. Fish & Poultry Market.	Rs. 30,000/-
5. Octroi Koti Improvements.	Rs. 30,000/-
6. Closing Balance.	Rs. 50,000/- & odd.

Mr. T.T. Sharma said that a separate provision might be made for starting Dairy Farms and the President informed the Member that a provision of Rs. 30,000/- made for starting Milk Centres might be set apart for both Milk Centre and Dairy Farms. Mr. Sharma agreed and the House also accepted the suggestion of the President.

[illegible] not necessary that a separate [illegible] should be passed. Regarding the provision made for housing the poor & Middle class people, the Government struck it off last year, on the ground that a scheme was not submitted. So far as the Milk Centre & Dairy Farm is concerned, I suggest that a detailed scheme might be sent to Government.

Mr. President:- Then the Budget is sent to the Government;

Government, I shall take the scheme. We can now pass the Budget. I propose that the budget estimates for 46-47 be adopted with the above modifications.

Seconded by Mr. T. T. Sharma, the resolution tabled by the Chair was unanimously passed by the House.

Mr. President:- There is another proposition to be passed. The scale of pay of the English Reporter to this Council is only Rs 40-3-50 now and he has reached the grade. He is 8½ years old in that grade, and getting Rs 50/-. The corresponding grade in the Secretariat is Rs 40-3-70-4-150 for Reporters and unless his scheme is revised, he has to rot in the scale of 40-3-50, because there is no other hope.

I therefore propose that following:- Resolved that the scale of pay of the English Reporter to the Municipal Council be fixed at Rs 40-3-70.

The above resolution was unanimously passed by the House.

Mr. T. T. Sharma suggested that the scale of pay of the Kannada Reporter also should be fixed on the same basis, because there should not be any distinction between them. The President informed the Member that only two months ago a resolution had been passed thereby fixing the pay of the Kannada Reporter on Rs 50/- and that the resolution could not be modified within three months. That could be done anytime later.

The following resolution proposed by Mr. C. Chennaiah was also passed by the House unanimously:-

Resolved that the grant to the Industrial School, be raised by Rs 5/-.

Then, the meeting terminated.

C A Ramaiah

Hon. President.
